

WINTER STRATEGY 2018

What is an RCTI Agreement?

In most cases, tax invoices are issued by you, the supplier.

With a signed RCTI agreement covering key points, however, the purchaser/recipient of the goods or services (in this case NCPHN), can instead, issue a tax invoice to you. This is known as a recipient-created tax invoice (RCTI).

By entering into an RCTI Agreement with NCPHN, NCPHN can make Winter Strategy payments to you without you having to invoice us. The RCTI Agreement will save you time while still maintaining your obligations as a supplier for the Winter Strategy for GST purposes.

NCPHN has successfully used RCTI agreements with other suppliers to facilitate prompt payment.
