

Eye care at the click of a button, directly from HealthLink SmartForms

~50% of people with diabetes don't get recommended eye exams ¹

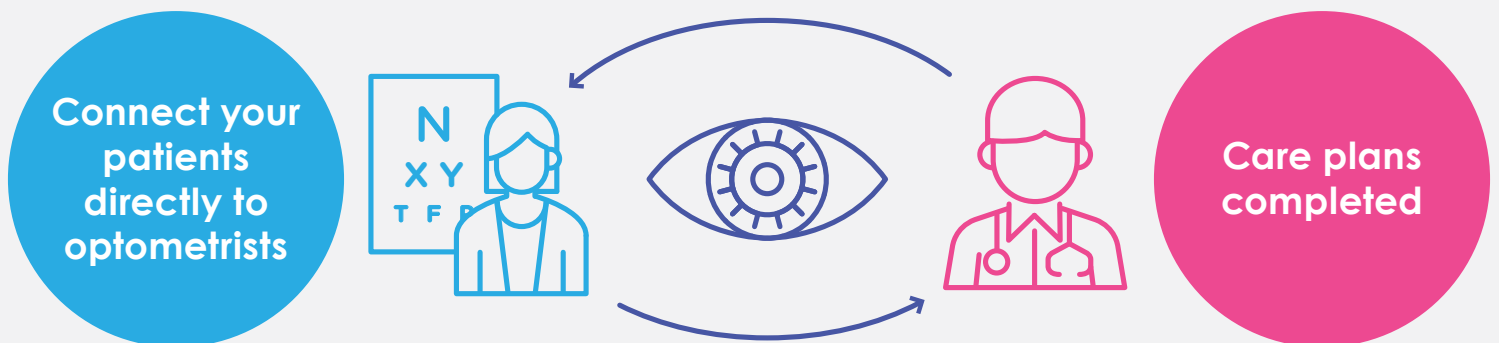

Eyes are the window to key public health challenges like diabetes, heart disease and cancer ²

40%

of patients referred for eye care don't get followed up ³

The Oculo platform makes it easier for you to complete your patient care plans. Refer patients directly and securely to an optometrist of your choice via HealthLink SmartForms. Receive eye reports instantly via Oculo.

Oculo is the technology partner for KeepSight, the new national diabetic blindness prevention program. Oculo is a secure cloud-based referral and clinical communications platform that is dedicated to improving the quality and continuity of patient care.
