

Midwifery Group Practice (MGP)

Your pregnancy and birth
in the care of dedicated Midwives

MGP offers the opportunity for a woman to experience care by a small team of midwives during pregnancy, birth and in the early days following birth.

- 👩 Supportive and culturally sensitive care
- 👩 Supporting women in informed decision-making during pregnancy, labour and birth
- 👩 Recognising that each woman's experience is unique and individual
- 👩 Consulting with Obstetric colleagues as medically necessary to provide optimal care
- 👩 Working in partnership with a woman to facilitate the best possible outcome for mother and baby, as well as the woman's family
- 👩 Supporting families with home visits.
