Yes No Unsure

If you have answered **no** or **unsure** to any of the questions above, visit our **Primary Care Impact project page — ePrescribing readiness for General Practice and Aboriginal Medical Service** for easy-to-follow instructions that will help you get ePrescribing ready.

Plus, remember to update patient details. Ensure all patients' (or carers') email and contact details (e.g. mobile phone number) details are recorded and up-to-date within your clinical information system.
