

## BOOK NOW TIME IS RUNNING OUT

### MENTAL HEALTH, ADHD, YOUTH JUSTICE & THE LAW HYBRID LIVE CONFERENCE 2020

**When: 9am – 4.30PM (AEST) 28 November 2020 (or at a time suitable to you).**

Your [Registration](#) includes On Demand viewing at your convenience via a secure link.

The ADHD Foundation are hosting a 'first of its kind in Australia' [live broadcast conference](#), that brings together experts across mental health, education, justice and law from Australia and the UK.

Recent research indicators show 31% of youth offenders present with cognitive difficulties whilst another 49% present with mental health issues. [Read more](#) ADHD and without diagnosis or correct treatment and management re-offending is almost guaranteed. Currently, children, as young as 10-years-old, often see their future behind bars, present evidence-based research, and offer solutions based on their areas of expertise. [Program outline](#)

#### TOGETHER WE CAN CHANGE THIS [REGISTER NOW](#)

“Effective identification and treatment either after the first offence, or preferably well beforehand, offers the opportunity for rehabilitation and prevention of further crime thus helping those children affected and subsequently reducing the costs to society currently born by the legal and prison system.” Dr Geoff Kewley (key speaker) said. [Read more](#)
