

**A Ballina & Byron Clinical Society Event**

# Navigating the NDIS

Kick off the evening with some dinner and networking before hearing from your local colleagues on how to navigate the NDIS.

## What to expect

Navigating the intricacies of the NDIS can be a challenge for both clients and health care professionals. Gain insight into this journey through a GP-led presentation and case studies delivered by local service coordinators and providers. Ask questions about who can and cannot access the NDIS, gain tips for streamlining applications, and get to know how the NDIS can best serve people living with a disability in the Ballina and Byron region.

## Learning outcomes

- Improve your understanding of the NDIS for people living with disability in Ballina/Byron
- Determine if a patient is likely to meet the NDIS disability requirements
- Explain the role of local area coordinators and early childhood partners
- Identify effective referral pathways and options to ensure continuity of patient care

## Who should attend?

Local service coordinators, GPs and other health care professionals who provide care to those living with disabilities.

## CPD POINTS

Certificates of attendance will be provided, and we encourage you to self-submit for CPD/PDP.
