

Mental health support for anyone Australia wide who has been impacted by perinatal loss.

Confidential psychological support via video calls for anyone Australia wide who has been impacted by:

- Miscarriage
- Stillbirth
- Pregnancy termination
- Loss of a newborn baby

We have a range of experienced psychologists with a special interest in perinatal loss who can offer culturally sensitive care for parents and family members, including children. Free interpreter services are available for those who need it.

Free or low-cost appointments available with bulk billing and Medicare rebates for eligible patients

How to access the service

1. Ask your GP to send mental health treatment plan to Rural Health Connect via fax: 07 4573 1100 or email referrals@ruralhealthconnect.com.au
2. Once we receive your information, we will contact you to complete registration and book your appointment.
3. You can also book directly on our platform [here](#). Please have your GP Mental Health Treatment Plan with you when booking online.

If you can't get in to see your regular GP you can book in to see one of our GPs via telehealth on our website [here](#).

Information for referrers:

- Fax: 07 4573 1100
- Email: referrals@ruralhealthconnect.com.au
- Regular referrers can request login access for easier referring
- Note: For non-urgent cases only
