Get to Know the
Facilitator & Series**

💡 Gain deeper insight into the series and help shape the conversations by sharing the questions and topics that matter most to you.

**Webinar 1:
Maximising
Philanthropy to
Bolster Health
Systems**

💡 **Philanthropy is already making a difference, but what if it could do even more?** This session will explore how historical trends have shaped modern funding practices, the lasting impact of colonial structures on philanthropy, and how we can shift towards equity-driven, trust-based models that deliver real, systemic change.

**Webinar 2: The
Philanthropy Power
Shift – From
Grassroots to
Global Change**

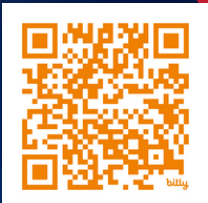

💡 **What if the biggest opportunities for health system reform weren't coming from the top, but from the grassroots?** This session will explore the untapped potential of grassroots and Indigenous-led philanthropy, where lived experience, cultural knowledge, and community-driven solutions are proving to be the key to sustainable reform.

**Webinar 3:
Accountability,
Power & Place-
Based Trust**

💡 **What if the future of philanthropy wasn't about handing out funds, but about creating a system rooted in accountability, transparency, and community power?** This session examines how transparency, accountability, ethical governance, and place-based philanthropy are shifting the balance of power in philanthropy.

**Webinar 4: Scaling
Impact – Investing
In Sustainable,
Smart Philanthropy**

💡 **What if every dollar of philanthropic funding was working harder, smarter, and more strategically to build a future-proof health system?** This is where big ideas meet real-world solutions—unlocking the full potential of philanthropy by leveraging innovation, technology, and new funding models.
