PACOP invites you to join us for this FREE PACOP Fundamentals Workshop

PACOP has developed a national model of care that supports early identification of palliative and end of life care needs through routine standardised assessment.

This workshop provides the foundational knowledge needed to implement the PACOP Profile & Outcomes Collection in your aged care home.

OPEN TO:

**Palliative care leads, CNMs, CNs, RNs,
AN-ACC /Funding Managers & Facility Managers**

Using PACOP will support you to;

Use standardised tools for assessing palliative and end of life care needs

Identify and respond to escalating care needs

Communicate palliative and end of life care needs with residents, families and staff

PACOP is fully funded by the Australian Government Department of Health & Aged Care.
