

## Join the final 2025 intake of APNA's Chronic Disease Management and Healthy Ageing Program

**Strengthen your skills in chronic disease management - and save!**

Our six-month program is designed for experienced nurses who want to expand their skills and knowledge in this growing area of primary health care.

It provides an evidence-based education framework focused on conditions such as cardiovascular health and diabetes mellitus.

It includes:

- Monthly interactive workshops
- Access to online learning modules
- Peer support via our Community of Practice

It's entirely online, so you can join in wherever you are in Australia!

**Normally \$220 - now just \$110!**

**Scan the QR code to learn more  
and register today!**

*CDMHA is part of the Nursing in Primary Health Care Program, an Australian Government Initiative.*
