

Healthy Ageing Program

We're inviting residential aged care facilities to join a program that builds nurse capacity and improves resident care through practical education, HealthPathways, and Group coaching.

PROGRAM OVERVIEW

A collaboration between Practice Coach and Aria Health, this program offers short eLearning modules co-designed with aged care staff, plus new HealthPathways to help your team deliver resident care with confidence.

WHY JOIN?

- Coaching & support from geriatricians and practice leaders
- Collaborate with practices trialling nurse-led care
- Practical, bedside-relevant education
- Better communication & decision-making
- Higher quality care, fewer avoidable transfers

Modules include:

- Recognising and responding to a deteriorating resident (DRRT)
- Using My Health Record effectively
- Advance Care Planning & palliative care
- Telehealth and anticipatory care practices
- HealthPathways

Innovation

The Building Nurse Capacity project is funded by Healthy North Coast through the North Coast PHN program.

Healthy Ageing Program

We are participating and inviting all staff to sign up

- Coaching & support from geriatricians and practice leaders
- Collaborate with practices trialling nurse-led care
- Practical, bedside-relevant education
- Better communication & decision-making
- Higher quality care, fewer avoidable transfers

Building nurse capacity

Agency staff welcome to join!

- Short, accessible learning modules designed for aged care staff
- Practical focus on deterioration, MyHealthRecord, palliative care, and telehealth
- Coaching at quarterly Communities of Practice to embed learning
- New HealthPathways to support staff in providing confident care
- Collaborate with RACH and general practices across the region
